

Gilchrist, Sachlan

May, June 1916

May 26th, 1916

Dr. I. Gilchrist,

University of Toronto.

Dear Dr. Gilchrist:

I have your letter. The Governors do not take up the question of appointments and promotions until the estimates are considered, but I feel confident that it would be impossible to have you granted the position of Associate Professor even at the lower salary.

Yours sincerely,

President.

June 26th, 1916

Dr. L. Gilchrist,
Physice Building,
University of Toronto.

Dear Dr. Gilchrist:

At the meeting of the Board held last Thursday I brought up your request to be granted leave of absence for the coming session to act in charge of V-ray work. The Board has granted the application and you will be put on half pay from the first of July. I hope that you will find the work congenial to you.

Yours sincerely,

President.
